Device Maintenance

****Replacing the Toner Cartridge****

1. Open the side doors.

2. Remove the toner cartridge.

3. Unpack the new toner cartridge.

4. Insert the new toner cartridge.

5. Close the side doors.

Adding Paper

1. Open the paper tray.

Attention!: To avoid paper jams, do not change the paper while the device is operating.

2. Adjust the guides according to the size of the paper being loaded.

Attention!: Use the markings on the bottom of the tray for proper size adjustment.

3. Separate and align the paper sheets before loading.

4. Insert the paper with the print side facing up.

Attention! Ensure the paper quantity does not exceed the indicated level. Overloading may cause paper jams.

5. Close the tray.
